Thanks for using Oclean Oral Irrigator

Important Safety Notice

This product can only be used with Oclean nozzles. Oclean shall not bear any responsibility with respect to any damages or loss due to the use of any third-party accessory.
Do not use it for purposes other than oral cleaning, otherwise it may cause accidental injury when the water is sprayed in the eyes, nose, ears or throat.
People who have just undergone oral surgery for treatment, please consult a dentist first before use.
It is recommended that the consumer who has mouth disease, such as seriously hemorrhaged gums, to consult a dentist before using this product.
For first-time users, it's common to experience discomfort or bleeding, and as gum health improves, the discomfort or bleeding will disappear.
If the bleeding is persistent or still bleed over 2-weeks of usage, please consult a dentist.
This product shall only use with water below the temperature of 40℃/104℉, or specific solutions as defined in the manufacturer's instructions.
It is not recommended for children under the age of 12. Children shall not play with the appliance.
This appliance can be used by children aged 12 years and above. Children shall not play with the appliance.
People with reduced physical, sensory or mental capabilities or those lack of experience and knowledge, should be given supervision or instruction concerning the use of the appliance in a safe way, and to understand the potential hazards involved.
Cleaning and maintenance shall not be made by children without supervision.
It must only be supplied at safety extra low voltage corresponding to the marking on the product.
As the water compartment can be removed, for safety reasons, place the product horizontally, then proceed to charge.
Product contains non-user-replaceable batteries, as stated the substance could only be replaced by skilled professionals.
Please make sure the charging port is dry before charging.
Only the Oclean Type-C charging cable provided in the packaging shall be used for charging the product. Oclean is not responsible for any consequence otherwise.
Remove the packaging foam in the water compartment before the first use.

Water Compartment Capacity	200ml (±5%)	Charging Time	4Hours (***)
Product Size	72×55×267mm (nozzle height included)	Input	DC 5V/1A
Charging	USB Type-C charging cable	Product Net Weight	278g
Executive Standard	GB 39669-2020		

*Note:Using irrigate teeth once a day using the impulse mode, use 1 compartment of water for each use.
** Theoretically, the battery capacity has margin of ±50mAh.
***Using standard adapter of 5V/1A

Important tips

1. Do not operate this product in a way other than described in this manual.
2. Do not use this product without first installing the nozzle.
3. People (including children) who lack relevant ability, experience and knowledge, such as those who do not have full civil capacity may only use, clean and maintain this product under the supervision and guidance of a guardian.

4. Only the nozzles and accessories supplied, sold, and recommended by Oclean are allowed to be used.
5. Do not disassemble this product or change the parts of this product to avoid damage or danger.
6. Do not use this product for purposes other than oral cleaning.
7. Do not press the nozzle forcefully on the gums or teeth to avoid injury.
8. Do not use or operate this product in places where aerosols (sprays) are used outdoors or where oxygen is supplied.
9. Remove all tooth decorations when using this product.
10. Do not use iodine, salt wateror concentrated essential oils that are insoluble in water in the product. The use of these liquids will reduce the performance of the product and shorten the service life; do not inject pure mouthwash liquid into this product, if you need to use mouthwash, please dilute it according to the proportion before injection, and after using the diluted mouthwash, you need to irrigate with clean water again to clean the internal pipes.
11. Do not immerse the main bdy of the irrigator in water. Always wipe the main body with dry cloth after use.
12. If this product is not to be used for a long time, empty and dry the water compartment, clean up the nozzle, main body and charging cable, and store it in a cool and dry place.
13. There may be slight plastic odor during the first few uses of the new machine, which is normal, and after a period of use, the odor will disappear.
14. Please request a maintenance report from the maintenance center and keep it together with the warranty certificate.

Shenzhen Yunding Information Technology Co., Ltd., in strict accordance with the Responsibility Regulations on Maintenance, Replacement and Sales Return of Household Appliances, offers a guarantee for consumers who purchase the Oclean Oral Irrigator. In the case of any inconsistency between the terms of service and the provisions of guarantee, the provisions of the guarantee and the contents of the guarantee certificate shall govern.
If the product you have purchased is found to have a fault or defect, please contact our service line at service@oclean.com.
